FORT WASHAKIE SCHOOL**

**ATHLETIC DEPARTMENT
Coaches Handbook**

2022-2023

Dear Coaches:

The Fort Washakie School Athletic Program is organized to meet the needs and interests of our students. The program's major goal is the total development of the individual through wholesome competition and to give the student athlete positive experiences. While striving for this goal all involved with the athletic program also need to ensure the safety and supervision of student athletes.

This handbook has been prepared for use by all coaches employed by Fremont County School District # 21. It clearly defines all policies and procedures of FSCD #21, FWHS, WRCAA, and the WHSAA relating to interscholastic athletics. It has been written to ensure uniformity in the conduct of all sports and to serve as a basis for periodic re-evaluation of the total program.

By agreeing to coach, you have accepted the responsibility to familiarize yourself with the contents of this handbook and to comply with all policies and procedures of Fort Washakie Schools, the FWS Athletic Department, the WRCAA, and/or the WHSAA. As a coach, you are obligated to uphold these policies and procedures regardless of personal feelings or differences of opinion. In the event that a policy proves undesirable or outmoded, it can be revisited and modified through careful review and shared dialogue.

The Athletic Director shall distribute this handbook to all coaches. The coaches in turn, will be expected to know all of the duties, responsibilities, rules, and regulations pertaining to their sport and to conduct their teams accordingly.

It is my desire, as I am sure it is yours, to do the very best job possible for our students, school, and community. My personal philosophy is to instill pride in our student athletes by having an excellent athletic program. I have high expectations of our athletes in the classroom and on the court/field/track and strive to give our athletes positive experiences. Your continued input is vital and encouraged. If you have any suggestions as to how we can improve our athletic program, please feel free to discuss your concerns with me at your convenience. I will do everything in my power to make your job as a coach more enjoyable and rewarding.

Thank you for agreeing to become a valued member of the Fort Washakie School coaching staff.

Sincerely,

Michelle Ferris-Friday
Athletic Director

PHILOSOPHY OF THE FORT WASHAKIE SCHOOLS ATHLETIC PROGRAM

Athletics have had a significant influence on the Fort Washakie community and enjoy a unique status in our value system. We believe that participation on an interscholastic athletic team is a worthwhile experience, which all students should have the opportunity to pursue. Fremont County School District #21 affirms the right of every student to participate in the interscholastic athletic program without regard to gender, race, or creed.

Athletics can positively contribute to intellectual, physical, social, and emotional development. Individual growth is accomplished when an athletic program, conducted by educationally oriented coaches, provides the means to achieving team and personal goals.

Coaches and athletes at Fort Washakie School that participate in athletics are held to a higher standard, and will be expected to conform to basic standards of conduct and to demonstrate a degree of self-discipline in the classroom as well as on the court/field/track.

In order to more fully realize the educational value of athletics, the athletic program should:

- Promote the physical and emotional well-being of all participants.
- Be an integral part of the total education program.
- Be conducted by PTSB certified coaches.
- Be conducted within the spirit of all applicable rules and regulations.
- Coaches will accept the responsibility of teaching this handbook to athletes.

The FWS sports calendar runs from August until May. The Youth and Junior High programs consist of four seasons which include fall, early winter, late winter, and spring. The High School program consists of three seasons which include fall, winter, and spring.

PROGRAMS OFFERED

Youth 5th & 6th grade

The Youth athletic program addresses the physical, social, and emotional needs of early adolescence. The early approach to athletics can be less competitive at times, but provides our students opportunities to experience various types of sports. Students are encouraged to participate in a program that includes:

- Four 7-8 week seasons to allow for exposure to more athletic activities.
- “no cut” policy (attendance and behavior problems may have negative consequences).
- Coaches who value playing all team members in each contest.
- Schedule includes “A” games for more experienced athletes, and “B” games for athletes with less experience.
- League standings are maintained, and a WRCAA conference tournament is held. However, no individual honors are awarded at the tournament.

WRCAA regulations state that students are eligible to play Youth sports as 5th and 6th graders, and will not be allowed to play the day they reach their 14th birthday.

Youth sports offered are: boys and girls x-country, youth football, girls volleyball, boys and girls basketball, wrestling, and track.

For volleyball and basketball tournaments the “A” team will be the team that will participate. The tournament roster shall consist of no more than 15 players.

Junior High 7th & 8th grade

The Junior High athletic program also addresses the physical, social, and emotional needs of early adolescence. The approach to athletics is certainly more competitive than the Youth program, yet continues to provide our students opportunities to experience various types of sports. Students are encouraged to participate in a program that includes:

- Four 7-8 week seasons
- “no cut” policy (attendance and behavior problems may have negative consequences).
- Coaches who value playing all team members in each contest.
- Schedule includes A games for higher level athletes, and B games for athletes with less experience.
- League standings are maintained, and a WRCAA conference tournament is held. Individual honors (all-conference) are awarded at the tournaments.

WRCAA regulations state that students are eligible to play Junior High sports as 7th and 8th graders, and will be allowed to play until the day they reach their 16th birthday.

Junior High sports offered are: boys and girls x-country, football, girls volleyball, boys and girls basketball, wrestling, and track.

For volleyball and basketball tournaments the “A” team will be the team that will participate. The tournament roster shall consist of no more than 15 players.

Youth and Junior High Athletic Guidelines

Athletics have a significant influence on the Fort Washakie Community and enjoy a unique status in our value system. Participation on an interscholastic athletic team is a worthwhile experience, which all students have the opportunity to pursue. Fremont County School District #21 affirms the right of every student to participate in the interscholastic athletic program without regard to gender, race, or creed.

FWS Athletic Program Objectives

Each athletic team will follow four (4) team rules:

1. Set a good example (at school and in the community)
2. Be on time and be prepared
3. Put forth your best effort at all times
4. No put downs

REQUIREMENTS FOR PARTICIPATION

Physical

All students participating in sports need a physical before beginning practice. A physical lasts one year and must be dated after May 1, 2022.

Age & Grade

Athletes, parents and coaches should always be aware of age and grade restrictions set forth by the WRCAA (Wind River Conference Athletic Association), of which Fort Washakie School is a member, which governs all sports with the exception of non-conference activities.

1. Fifth and Sixth grade students are considered to be in the youth program. Seventh and eighth graders are considered to be in the junior high program.
2. Students may be eligible to play in the youth division until the day they turn 14 years of age.
3. Students may be eligible to play in the junior high division until the day they turn 16 years of age.

Medical Release Form

Each student's parent/guardian will complete a Medical Release Form giving permission for emergency medical treatment by a physician or hospital when the parent/guardian is not available. The Medical Release Form will be kept on file by the coach for availability at all practices and contests. Students requiring medical attention must obtain a written release from the attending physician or dentist before returning to practice and/or contests. An updated medical release form is required for each season.

Academic Eligibility

Fort Washakie School recognizes that a student's first priority must be academics. Therefore, education is the most important goal we have as teachers and coaches.

Weekly eligibility reports will be compiled every Friday at 9:00 a.m. 5th-8th grade students will be determined to be ineligible if they are failing any one of their core classes. Students will be notified by their teacher about what they need to do to become eligible.

The student has until 5:15 pm on the following Monday to satisfy the requirements to become eligible. If a student fails to get off of the Ineligible Students list on Monday night they will be recommended to participate in After School Tutoring until they become eligible. This applies to both athletes and non-athletes.

In the circumstance of contests being played on Monday, the student's eligibility will be determined by the Principal or Athletic Director before the contest or team departure from Fort Washakie School.

Students that are ineligible may attend games if accompanied by a parent. Ineligible athletes may not sit on the bench with the team and may not work in the concession stand. However, the ineligible student may continue to practice with the team unless the coach and teacher decide it is in the student's best interest to attend tutoring sessions.

Dual Participation

A student may not participate in two school sports at the same time. A student will have two weeks after the season starts to switch sports. Both coaches must give approval of the transfer.

Risk of Participation

All students and parents must realize that there is a risk of serious injury which can result from participation in athletics. The FCSD #21 coaching staff will make every effort to eliminate the risk of an injury.

Concussion

Any student who exhibits signs, symptoms or behaviors consistent with concussion shall be immediately removed from the contest or practice and shall not return to play until cleared by an appropriate health care professional. Concussion information is included with participation permission slips. Parent/guardian and student athlete must sign proper

forms stating that they read and understand the risks involved with concussion when participating in athletics.

ATHLETIC CODE OF CONDUCT

Conduct of student athletes

A firm fair policy of enforcement is necessary to uphold regulations and standards of the athletic department. FWS feels that high standards of conduct and citizenship are essential in maintaining a sound athletic program. Due to misconduct, disciplinary action may include detention, suspension from the contest(s), dismissal from the team, notification of the law, and/or any other action reasonably fitting the seriousness of the violation.

Individual Coaches Rules

Coaches may establish additional rules and regulations for their respective sport. These rules, as pertaining to a particular sport, must be given by the coach verbally and in writing to all team members and explained fully at the start of the season.

School Attendance/Practice/Game Day

Practice is as important as the game competition. Therefore, an athlete who is not in attendance at school the day of practice will not be eligible to practice that day unless a verified excuse is on file.

Student athletes traveling or participating in an athletic event need to be in school no later 9 a.m. on game day. An athlete who is not in attendance at school the day of the game or an athlete who gets to school after 9 a.m. will not be eligible to play that day, unless the student has a verified medical excuse. It is expected that the athlete will be in school for the full day. Please make every effort to schedule appointments on non-game days.

An unexcused absence is when an athlete is in school but does not report for practice on time, does not check in with a coach prior to leaving, stays after school and does not communicate this to the coach ahead of time. An athlete with three (3) unexcused absences will be dismissed from the team.

The building administrator has latitude to enforce other reasonable disciplinary actions warranted by the situation.

Appearance

All athletes will wear properly fitting clothes and maintain a neat appearance.

Girls will wear a dress, skirt, blouse and/or nice pants to school and also to and from the contest. T-shirts, sweatshirts, hoodies, and/or blue jeans are not allowed.

Boys will wear a shirt and tie, with a nice pair of pants and also to and from the contest. Shirt tails must be tucked in. Blue jeans may be worn as long as they are not faded, properly fitting and are worn with a shirt and tie.

Team shirts may be worn on game days.

Coaches are expected to enforce this policy with ALL athletes.

Failure to follow the appearance guidelines will result in the student not attending and participating in the game.

Dismissal from the team

Student-athletes are strongly encouraged to remain a member of the team until the season is complete. Quitting a team without a valid reason is discouraged. The coaches will make every effort to communicate with the athletes to make sure they have a positive

experience while participating in athletics. Students must also make an effort on their part to be responsible, accountable individuals.

If a student-athlete has three unexcused absences from practice they will be dismissed from the team. If a student-athlete violates any rules as stated in the code of conduct their consequence may result in being dismissed from the team.

Parental Support

FCSD #21 believes that the presence of parents at interscholastic athletic events is positive and beneficial to the student athlete, the district, and the community. It is expected that parents will conduct themselves in a manner that supports good sportsmanship. Parents are not to belittle coaches, chastise referees, fellow teammates or opponents, or participate in actions or statements that would embarrass the school district and their child. Coach confrontations should be avoided immediately after games. Parents are encouraged to schedule a meeting with the coach and athletic director the following day.

If a parent is asked to leave a game for inappropriate behaviors, he or she will not be permitted to attend any home games until they have completed the NHFS course, "The Role of the Parent in Sport." A certificate of completion must be submitted to the Athletic Director before the parent is allowed in attendance at home games. If a second incident occurs, the parent will not be permitted to any athletic contests for the remainder of the academic year.

Requirements for participation

Eligibility is contingent on many aspects including age, grades, health, and a number of practices. Our Athletic Director, Michelle Ferris-Friday, may be contacted at mferris@fortwashakieschool.com for further questions regarding the athletic policy.

Fort Washakie High School student-athletes and activity participants will recognize they are accepting additional responsibilities, in addition to their academic requirements, in order to participate and compete. By accepting this, they agree to meet all academic and behavioral expectations, and to represent themselves, their peers, and the school to the highest standard.

Physical

All students need a physical before beginning practice. A physical lasts one year and must be dated after May 1, 2021.

Age

A student-athlete must be under the age of 20 years of age during the scheduled season to participate on the team. For instance, a student is 19 years old when basketball season starts and turns 20 a month into the season, their season will end on the day of their 20th birthday.

Medical Release Form

Each student's parent/guardian will complete a Medical Release Form giving permission for emergency medical treatment by a physician or hospital when the parent/guardian is not available. The Medical Release Form will be kept on file by the coach for availability at all practices and contests. Students requiring medical attention must obtain a written release from the attending physician or dentist before returning to practice and/or contests.

Academic Eligibility

Students must have fewer than two (2) Ds or one (1) F core classes (English, math, science or social studies or electives), and have passed in five (5) solid courses subjects during the immediate preceding semester. Soft courses such as Advisory, study hall, and teacher aide do not count towards the credit minimum. Eligibility for each sport will be determined using the current semester grade on a weekly basis. Eligibility will run Monday – Sunday and will be checked and determined at 8:00 AM on the first school day of each week. The student is responsible for ensuring they know their current standing in each class every week, and for submitting completed work to their teacher with enough time to update and submit grades before the eligibility check is done. The process of verifying grade accuracy will rest with the teacher. If the student has two or more Ds or

one or more Fs, they are ineligible for all competition for the week. A list of ineligible athletes will be generated and sent to the Principal, Counselor, Athletic Director, Teachers, and Coaches. A student may only have exemption from this criteria if there was approval by school administration by the end of the previous week.

Student-athletes who are not academically eligible be expected to follow an academic plan established by the coaches and teachers which will include spending at least half of each practice in study hall working on gaining eligibility, and will agree to stay at school to work in study hall when the team travels for competition until the student-athlete is eligible.

Risk of Participation

All students and parents must realize that there is a risk of serious injury which may be a result of athletic participation. The FCSD #21 coaching staff will make every effort to eliminate injury.

Athletic Code of Conduct

Conduct of student-athletes

A firm fair policy of enforcement is necessary to uphold regulations and standards of the athletic department. FWHS feels that high standards of conduct and citizenship are essential in maintaining a sound athletic program. Due to misconduct, disciplinary action may include probation, suspension from the contest(s), dismissal from the team, notification of the law, and/or any other action reasonably fitting the seriousness of the violation.

Individual Coaches Rules

Coaches may establish additional rules and regulations for their respective sport. These rules, as pertaining to a particular sport, must be given by the coach in writing to all team members and explained fully at the start of the season.

Practice/ School Attendance

By participating in an athletic program, the athlete has committed him/herself to all scheduled practices and competitions. The following are the policies regarding an athlete's attendance at practice.

1. Athletes are expected to attend all scheduled practices and athletic contests unless the coach gives *prior* excused clearance. Excuses from practices or contests should directly relate to the athlete.
2. Athletes are to schedule doctor, dentist, tutor or any other appointments away from class time, scheduled practices, and athletic contests whenever possible.
3. Athletes are to be entering into their classes on time and daily and meeting academic expectations to be eligible for practice or athletic contests. Exceptions to this rule are made only with permission of the Athletic Director.
4. Athletes that have not made contact with their instructors for 2 days will not be allowed to practice or compete in a competition.
5. Work hours must be scheduled around athletic practices and contests. Missed practices and competitions due to job commitments are inexcusable.

Game Day Expectations

Attendance in school is necessary for all students to be successful. Student-athletes traveling or participating in an extra-curricular event need to be in school on time and for the entire school day, on game day. For games or events scheduled on Saturdays, students are expected to be in school all day the preceding Friday. Student-athletes are also expected to be at school on time the day following a game or event. In cases where an accommodation must be made, the athlete needs to notify coaches and administrators *prior to* the absence or late arrival. If a student misses more than 20% of class time leading up to the departure time or event start due to appointments or other events, that student-athlete will not be able to compete in or attend the event. Student-athletes who do not adhere to these expectations will not be allowed to travel or participate in the game or event.

Appearance and Attitude of Student-Athletes

Student-athletes who represent FWHS are expected to dress in a neat, respectable manner on days of competition. Student-athlete actions and conduct are a direct reflection upon the overall quality of the athletic program and school. Coaches will work with the team to establish clear and consistent expectations for the team when sport-specific expectations exist.

Sweatshirts or hoodies are not to be worn on game days.

Failure to follow the appearance guidelines will result in the student not attending the contest.

Suspension

Students assigned in-school or out-of-school suspension are not eligible to attend or participate in practice, competition or any other interscholastic activity during the period of suspension.

Lettering Policy

To obtain a varsity athletic letter in the current season, the FWHS student-athlete will need to finish the entire season with no athletic code violations that resulted in suspensions and start in 90% of the season events or be a senior who completes the entire season. (Possible exceptions to the above policy include: injury, disability, or foreign exchange.)

INFRACTIONS

A student of FWHS, Fremont County School District #21, is defined as any student enrolled in grades 9-12 who participates in any sanctioned Wyoming High School Activities Association activity. The student will be subject to disciplinary action if he/she commits any of the following violations at any time during a calendar year.

1. Use or possession of alcohol, tobacco or tobacco-like substances, i.e., snuff, herbal chew, etc.; marijuana or any other illegal, controlled substance, as defined by Wyoming State Law, while on or off school grounds. If a student is suspected of being under the influence of alcohol or any of the above drugs (tobacco or

tobacco-like substances, i.e., snuff, herbal chew, vape products, etc.; marijuana or any other illegal, controlled substance) the district reserves the right to conduct a drug test.

2. Theft or vandalism of property.
3. Acts of inappropriate conduct during the season in which the student is involved (i.e., fighting, verbal abuse of officials, contestants, coaches, or spectators).
4. A student will not wear apparel that pertains to alcohol, tobacco, drugs, or conveys inappropriate, vulgar or profane messages while on school grounds or involved in any school-sponsored activity.
5. Violations may also result from behaviors, which are detrimental to the individual student or to the school.

Any violations of the Activity Code while the student is enrolled in FWHS in grades 9-12 will result in the following action(s):

First Offense

1. Suspension from all student contests for 14 consecutive calendar days while school is in session. If the student is not currently participating in an activity, the penalty will begin at the opening contest of his/her next season. Reinstatement will be after the suspension and a parental conference with the administrator in charge of activities and the athletic director. Students must participate in all practices during this suspension. The student will continue to remain under the Activity Code while on suspension.
2. If drugs or alcohol are involved law enforcement will be notified immediately. The student and parents must meet with the administrator in charge of activities and the athletic director, and the student assistance counselor. The student may not practice until his or her coach/sponsor has received notification from the administrator in charge of activities and/or the athletic director that preliminary contact has occurred.

Second Offense

1. Suspension from all practices and contests for one (1) calendar year. If drugs or alcohol are involved, the student must attend a program certified by the administrator. The student will continue to remain under the Activity Code while on suspension. The student will not receive or be nominated for any post-season awards, recognitions or contests.

Third Offense

1. Suspension from all practices and contests for the remainder of the student's 9-12 grade career. The student will not receive or be nominated for any post-season awards, recognition or contests.

Due Process

Any appeals to this Code may be presented in writing to the building principal. These consequences apply to all students whether or not they are actively engaged in their activity/sport(s) at the time of violation and may not carry into the following school year

COACHING

The coach of an interscholastic athletic team assumes a very responsible position in education. The coach has the unique opportunity to work with the students in an activity that many times has profound and lasting impact on the lives of young athletes. Coaches are viewed as role models and can directly influence the decisions made by athletes. Through this close association, coaches can achieve a unique and seldom attained relationship with athletes who willingly seek guidance, advice, and counsel. Athletics serve as a vehicle for creating this climate. Therefore, coaches should be ever mindful of this role and conduct themselves accordingly. Coaching is a great opportunity to help mold the character of our native youth.

Coaches are also representatives of Fremont County School District #21. It should be a personal and professional obligation of a coach to have thorough knowledge of the policies and procedures of the Athletic Department and to teach and enforce them.

UNDUE INFLUENCE

Restrictions on anyone associated with the athletic department in any way attempting to influence students and their families about which school to attend are ALWAYS in effect and may jeopardize the eligibility of the student athlete.

Remember, those who recruit student athletes justify their actions by saying they are helping the student(s). In reality they may seriously jeopardize the student athlete's future eligibility status.

The use of undue influence by a coach or school may result in a student athlete being deemed ineligible for participation in athletics for a period which will be determined by the WHSAA Commissioner. The school will also be subject to disciplinary action by the WHSAA.

APPOINTMENT TO A COACHING POSITION

The success of our athletic program will depend upon our ability to secure the services of highly qualified and motivated individuals. All coaching positions are yearly appointments, and there is no tenure as far as these positions are concerned. Coaches will be evaluated annually by the Athletic Director. A satisfactory evaluation will be essential for continuation in that position for the next school year.

Any Fort Washakie School staff member may apply in the spring for a coaching position for the following school year. All coaching positions must be approved by the Board of Education before the coach may begin his/her appointment.

The District cannot pay coaches who are not properly certified. Whether or not the coach receives notice from the School District, the coach has a professional responsibility to maintain current certifications. All coaches should contact the Athletic Director annually to check their certifications. The coach will have the responsibility for fulfilling any requirements and sending in the appropriate paperwork for compliance with all certification and recertification requirements.

COACHING POLICY addendum

A total commitment to the athletes and the athletic program at FCSD #21 should be made by a coach when signing a contract for the specific sport that you are coaching. Coaching does pertain to the teaching of athletes, the supervising of athletes, following district policies, attending required meetings, and completing and submitting necessary paperwork that is required by the athletic department. This also includes following the procedures set forth in the athletic handbook and following verbal and written directives given by the Athletic Director and or Superintendent.

Failure to comply with any of the above tasks will result in disciplinary action.

- 1st offense: Verbal or written warning.
- 2nd offense: A written reprimand.
- 3rd offense: Loss of one year of incentive pay.
- 4th offense: Loss of two years of incentive pay.
- 5th offense: Loss of coaching contract for the current sport you are coaching, and loss of accrued coaching status.

(non-compliant coaches with less than 2 years on the incentive step scale will have their coaches salary docked by \$100 for the 3rd & 4th offenses)

Absenteeism and tardiness of coaches pertaining to practice and games has also become an issue in the Athletic Department at FCSD #21.

If a coach misses more than 2 days during your sport season your pay will be reduced by dividing the number of days in a season into your coaching salary to figure a per day rate. Then reducing your salary by the number of days missed (over 2) times your per day rate. Example: Your Salary is \$4000 for a 28 day season. Your daily rate would be \$142.86. You miss 5 days. Your salary would be \$4000 minus \$ 428.58 (3 times your daily rate) or \$3571.42. This will allow a coaching sub to get paid.

Due to required supervision of athletes, if a coach is absent a sub WILL be called in.

Professional leave that is not required by your supervisor will be counted as an absence.

Contract days may include Saturdays.

SUB COACHES

Coaches will be paid by the hour at the regular base rate.
